Dear Mrs. Smythe,

I am pleased to accept your invitation to become the Honourary Patron of Rotary's Basra, Iraq Prosthetics Project.

The partnering Rotary clubs in the United States and the host club, the Amman Cosmopolitan Rotary Club, have embarked on an important project to bring much needed relief to civilian amputees in the Basra region.

I commend this all volunteer initiative which not only reflects dedication to a great humanitarian need but also brings together in friendship and compassion the people of Iraq, Jordan and the United States.

With all best wishes for continued success.
